HE ROARS FOR CLEMSON

### TIGERS GO DOWN BEFORE AUBURN

The Tigers Lose to Heavy Alabama Team, but Not Without a Hard Battle—Two of the Three Touchdowns Scored from Fumbles—Owens Plays Wonderful Ball for Clemson—Final Score 21 to 0.

The Tigers went down before the Auburnites to the tune of 21 to 0. The game was not a walk-over for the team from Alabama because throughout the entire sixty minutes of play the Tigers were fighting and fighting hard. No man from Clemson likes to put up an alibi, but any one that saw the game will say that old dame fortune was not smiling on the Tigers that afternoon. She is entirely responsible for two of the three touchdowns that the Auburn team scored. The first of these came in the second period when Armstrong fumbled and Auburn recovered on the 20 yard line; from there it took five more plays to carry it over. Then Lady Luck smiled on Auburn when Creel of Auburn fumbled on the eight yard line and then recovered the ball across the goal line for a touchdown. Warren kicked all three goals. The playing of Scott and Bullock in the backfield and Sizemore and Warren in the line for Auburn, and Allison in the backfield for Clemson was excellent; but the playing of Owens at tackle was the all around feature of the game. Susie did not seem to care how hard he hit them and more than once time was called for Auburn after one of his tackles. Lightsey and Langston also played good ball. The game play by play follows:

#### First Quarter

Ollinger kicked off 38 yards to Spearman who returned 3. Armstrong gains 3 around right end. Allison hits the line for 1. Auburn penalized 5 yards for offside. Armstrong gains 1 and then fails to gain. Third down and nine to go. Colbert punts 60 yards to Scott who returns 5. Bullock gets 5 around right end. Bullock hits tackle for 1. Scott 3 over left guard. Ollinger punts over the goal line and ball is brought out to 20 yard line. Allison hits left tackle for 5. O'Neill 1 over right tackle. O'Neill 3 around right end. Colbert punts 35 yards out of bounds and it is Auburn's ball in the middle of the field. Scott gains 30 yards around right end. Bullock gains 1 over guard. Bullock gets 4 over right tackle. Stubbs gains 3 more. Auburn penalized 5 yards for backfield man in motion toward own goal when ball is snapped. Howard thrown for 3 yard loss. Pass from Stubbs to Ollinger nets 15 yards. Ball on Clemson's 15 yard line. Scott and Howard each get 2 yards. Bullock gains 4 and then fails to gain. Ball goes to Clemson. Colbert kicks 40 yards to Scott who was downed in his tracks. Time out for Auburn. Creel goes in for Scott. Bullock hits left tackle for one and Creel takes 3 over guard. Pass, Stubbs to Ollinger, nets touchdown. Warren kicks goal. Score, Auburn 7, Clemson 0.

Ollinger kicks off 50 yards to Armstrong who returns 15. Colbert steps out of bounds and gains 1. Allison circles right end for 25. Armstrong around left end for 4. Armstrong hits tackle for 3. Armstrong then gets 3 more. Colbert 1 over left guard. Armstrong 1 over tackle. O'Neill thrown for 5 yard loss. Colbert punts 60 yards to Stubbs who

### Entire Student Body Entrains for State Fair in Columbia

Student Body to Board Special Train for Columbia Next Tuesday Morning—The Clemson-Carolina Football Game on Thursday Is Feature of Trip—Preparation Made for Encampment at Fair Grounds.

On next Tuesday morning the entire student body of Clemson will take a special train for Columbia, and will encamp at the Fair grounds the four following days. The annual football game between Carolina and Clemson will take place on Thursday of Fair week, and that it will be an interesting and spirited contest is assured. Carolina boasts of the strongest team that she has had in years, and the Tiger eleven of '20 is the mightiest that has ever gone to Columbia to give the Gamecock a "quieting down". Squibs like the following are seen almost weekly in the "Gamecock":

"The result of the Clemson—P. C. game doesn't speak very well for the Tigers. We believe that their motto was 'a clean sweep'. They are falling down on that motto mighty early in the game. But for a turn of fate they would have been defeated. We are not boasting any, but we believe that the Tiger growl won't be heard much more after the Clemson-Carolina game."

Fellows, the ole Tiger at the top of the page said a plenty, didn't he? Well, if we could add anything, how about saying that that ole Tiger roar is going to be heard just as long as there is a Clemson, and that will probably be forever. You simply can't stop him. He simply roars, and roars, and roars. That Auburn bunch probably thought that they could dampen the Tiger spirit, but ask them just how far they succeeded. Spirit, spirit, spirit—Clemson Tigers are simply full of it, and we are going to give the best demonstration of it yet, on Thursday, the twenty-eighth. Watch out, Metzger bunch, you are going to meet a real football team soon. We are expecting a good game, but don't get the idea once that you are going to stop that ole Tiger from roaring. It just can't be done!

Kathleen (to a cadet): "What does Prof. Rudolph Farmer teach?"

Cadet: "He doesn't teach anything; he's a cadet."

Kathleen: "He's mighty gray-headed to be a cadet."

The wise man and the fool's money are soon united.

#### FRESHMEN ANNEX THEIR FIRST GAME

The Rats Defeated the Ninth District Aggies of Georgia by Score of 18 to 7.—Halfback Burton for Freshmen Plays Star Ball.

The Rats started off in fine style when they defeated the aggies from the ninth district of Georgia, here Saturday. The game went against the Freshmen for the first period of the game and the visitors had very little trouble in making the first score of the game and their only tally. The Freshmen played good offensive ball and easily made gains thru the Georgians' line, but on the defensive the tables were entirely turned around and the visitors just as easily walked thru the Rats. One of the touchdowns for the home lads came from a fumble that Burton picked up and carried for a touchdown; another came from a pass that was made across the goal line. The third was made by line bucks and straight football. The visitors made theirs in the first period when it seemed entirely impossible to stop the big fullback of the visitors. The Rats however got on to him toward the last and he did not make as many gains. The big fullback for the visitors was the stellar performer for the Georgians, and Burton played wonderful ball for the young Tigers. If we were able to look into the future we might see this lad clipping off many yards around the Auburn and Tech ends as he did against the Georgia lads. And why not if he sticks to the old game?

The other features of the game were the refereeing of one "Specks" O'Neill and the umpiring of Bayles. Referee O'Neill, being so military, carried a military manual out on the field and if any argument arose he would penalize them by the rules laid down in this wonderful book. Umpire Bayles, on the other hand, carried no rule book, and if any argument arose he would stand at Specks' back until it was over. The headlinesman being afraid of a fight was usually hard to find if any argument arose. The next game for the Rats is with the Presbyterian scrubs on next Saturday. Their coach has gone like many others of his kind and played the fool and got married. We wish to congratulate him, both for the team that he has put out, and—otherwise.

Next week is our big week.

### LOCAL TALENT PRESENTS PLAY

Entertaining Performance Given by People on Hill—Proceeds Go to Improving Children's Playground—Features of Play Were "Maids of Tyrol", "Ten Little Grandmothers", and "Beauty Parlor Specialist"—Large Attendance.

There was an entertainment given in chapel on Saturday night by the Woman's Club, the proceeds from which go to the building of a playground for the children of the community. A very interesting and varied program was rendered. The "Maids of Tyrol", composed of the young girls of the campus, featured in a dance, which showed a great amount of preparation and practice. A few selections were given by the Y. M. C. A. quartette, which were greatly enjoyed. "Safety in Numbers", a silent drama, given by some cadets and several ladies of the campus, was also enjoyed very much. It is not known who enjoyed this drama more, the audience or the cadets participating. Mrs. Tolstrop gave a few selections on the piano. "The World-Famous Beauty Specialist", a play in which about twenty members of the faculty participated, was also greatly enjoyed.

The entertainment, which was altogether by home talent, was exceedingly good, and was greatly enjoyed by all present.

#### LOOK FOR THE "Y" TENT ON FAIR ENCAMPMENT

When you spend all your money and haven't anything to do, come to the "Y" tent! Probably all will be glad to know the Y. M. C. A. is to have headquarters in the camp at the Fair next week. Headquarters for all men who have nothing to do—men who have spent their all—men who are "tired of looking"—men who want to write letters, read magazines, play checkers, pitch horse-shoes, engage in a tug-o-war, play football, sing, play foot and a half—and all others who haven't been enumerated or catalogued.

All welcome to the "Y" tent. A big fire, if it's cold—a keg of ice water, if it's hot.

All members of the Cabinet will be around to minister to the wants of the multitude. Hines and Holtzy will be on deck, too. (Sorry Fox can't be with us!)

He: "There is something dove-like about you."

She (blushing coyly): "What is it?"

He: "You're pigeon-toed."

### TIGERS LEAVE FOR TENNESSEE

The Tigers Will Leave Home Friday to Battle the Husky Mountaineers of Tennessee—This is First Game Away from Home and We Expect Them to Bring Back the Bacon.

On Friday the Tiger clan leaves home and invades the mountainous region of Tennessee. This is the first game of the season that the Tigers have away from home and they expect to make things hum in that old burg called Knoxville. Nothing much is known as to the actual strength of the Tennesseans. They lost the game to Vandy, the final score being something like 14 to 0; but little can be told about a team by her past scores. The Tennessee bunch is a heavy aggregation and since we beat them last year to the score of fourteen to zero they will be laying for the Tigers and will try to get revenge for this defeat. They however will not have an easy time and they know this; therefore there will be a hard battle for the game. The Tennesseans have always been noted for putting out a scrappy team and since there is no reason for us to believe this is an exceptional year we are looking forward to a hard fought contest. They have nearly all of their last year varsity men back and that big giant, Hatcher, is right on the job to shoot those cannon ball passes. He was also noted for driving the line. There will be a mass meeting if possible on Thursday night to give the Tigers the right kind of send-off. So, if we have one, let's everyone put aside other less important work and be up there to send them off in a way that will make them know that, no matter how far away they might be, the crowd at home is right with them and backing them to the limit.

#### CHEMISTRY SCIENCE CLUB REORGANIZED

Club Enjoys Talk by Dr. Joseph of London, at First Meeting.

The juniors and seniors who are specializing in Chemistry held a meeting last Tuesday night in Dr. Brackett's classroom for the purpose of reorganizing a Chemistry Science Club. Officers for the first term were elected as follows: T. J. Webb, President; W. B. Byers, Vice-President; and R. T. Halstead, Secretary. After dispensing with certain discussions concerning future programs and dates for meetings, the club called on Dr. Joseph of the British Chemical Service for a short talk. Dr. Joseph related some very interesting events of his life while he was stationed in Ceylon, where he was first located, and of his life in Central Africa, where his headquarters now are. Dr. Joseph's address was exceedingly interesting from every point of view, and especially so in regard to the chemical work that is being carried on in Africa. Upon the conclusion of Dr. Joseph's talk, the subject of the club seeking student membership in the American Chemical Society was discussed. Everyone was heartily in favor of asking admission to this world-known organization, and the president was directed to correspond with the secretary of the American Chemical Society at once. There being no further business, the society adjourned.

If you think of anything that will help put pep in the gang—spit it out—it's arsenic!

Never before was so much spirit shown at Clemson as was exhibited on the afternoon of the Clemson-Auburn game. After reading the following extract from an editorial in the "Orange and Blue", we wonder what kind of an impression the Auburn team will carry back home: "What has become of the wonderful something—Auburn Spirit? Why is it not here this year as it has been in years gone by . . . Can you imagine the disappointment (of new students) when they come here to find everything dead—absolutely dead in the way of school spirit."

Be proud, Clemson, be proud. We backed a wonderful football team on last Friday.

Fellows, don't forget your megaphone on that trip to Columbia. Get down low on that old Tiger Rar, and show Columbia people what real pep is.

"Confidence will show you the way, just as far as you show confidence in yourself."

The Gamecocks continue to yell about Sol Metzger. Wonder what they will think of Jiggs Donahue after the game on the twenty-eighth.

The "Little Tigers" piled up a good score on last Saturday. Go to it, Freshies; you are the varsity of future years. We are looking for about four more such scores from you this season.

Owing to the absence of the entire corps from the college next week, there will be no issue of "The Tiger" on the twenty-seventh. The management is exerting every effort to make the issue the following week the best and most newsy on the year. There will be two big football write-ups—Tennessee and Carolina—besides the account of the encampment in Columbia.

"Words are things, and a small drop of ink,

"Falling like dew upon a thought, produces

"That which makes thousands, perhaps millions, think."

Crack down, fellows; let's make these last few days of the mid-term count for something. Remember that the first month makes up one-third of the term grade, and that these last few tests determine to a great extent what the monthly grade shall be. Remember how good it will make the home-folks feel for us to send home creditable reports, while we are enjoying the week of the fair. Don't let the good times that are to be, demoralize the most important week's work of the first month. Don't "let down" a bit until we board the train for Columbia.

In last week's issue of The Tiger a very good poem, "Clemson Days", appeared. In the printing of this poem an important word was left out of the third line of the second verse. This line read "It's 'rep' shall be let down," whereas it should have

been "It's 'rep' shall not be let down." By leaving out the word "not" a very different impression from the one intended by the writer was created.

This article was contributed by a freshman. It rings with the old "Tiger Spirit" from beginning to end, and it shows that Tigerism has entered firmly into the hearts of the men of '24. This poem is worthy of any student's memory book, and it should be found in all of them. Anyone saving this poem should not fail to insert the omitted word; because somebody might see the poem in the future and get the erroneous idea that we were letting down Clemson's reputation instead of building it up.

The Block "C" Club, the most important club at Clemson, has leased the cafe located on the south side of Sloan's store. This cafe has been conducted by Sloan Bros. since it was first opened about a year ago. It is the intention of the Block "C" Club to convert the cafe into an up-to-date cafeteria. In order to keep operating expenses as low as possible, the members of the club will take turns in working in the cafeteria. All of the profits from this venture will be used by the club in furthering of athletics here, and the purchasing of blankets, sweaters, and other articles given by the club to members of the various teams. Heretofore the club has raised money for these purposes by selling ice-cream at the games on Riggs field and by having special pictures at the "Y".

Since the Block "C" Cafeteria will be strictly a student concern and since its profits are to go to the men who represent Clemson on the grid-iron, diamond, and in other sports, it is the duty of the student body to patronize the cafeteria as much as possible. The club has not had charge long enough to arrange everything as desired, but it will only be a short while before the Block "C" Cafeteria will be a desirable place to go to get that little extra lunch.

## The State Fair

Only five more days, and we're in for the big event of the season. In other words, we leave for the South Carolina annual state fair on Tuesday morning. Now that the time has finally arrived and the dream of every individual in the corps is about to be realized; the results of diligent work and numerous drills are about to come to pass. We should stop to think what all this means.

In the first place it means that the coming event will be the first time in years that the Clemson corps has been allowed to attend the State Fair in a body. We will be in Columbia the greater part of a week and our actions during this period of time will represent not only the present student body but the student body of the past few years, and the impression made will last for years to come. During this time we will have the chance of showing the people of South Carolina what real Clemson spirit is.

We hope to put up the best drills, parades, and other military tactics that has ever been presented by a Clemson corps. We will be judged in the years to come not only by this, but by our actions on the football field, at the dances, and various other forms of entertainment, and in general the future reputation of Clemson depends largely upon the way each and every man in the corps conducts himself throughout his stay in Columbia.

Fellows, there's only one thing left for us to do and that is to make our stay in Columbia successful and beneficial not only for us but for those who are to follow in our footsteps. With the good old Tiger spirit prevalent we can do these things, and also make such an impression that the State Fairs in the years to come will not be complete without the presence of the Clemson cadet corps.

Smith: "Well, men, after all the cussin' a fool gets they aren't so terrible. When all fools are dead I don't want to be alive."

Davis: "Don't worry, you won't be."

## GARBAGE CAN

"Gawge" Harrison, Trash Man

## Wanted

To let it be known that some pretty girl answered by ad. in last week's "Tiger."—Maj. Hayes.

Hoffmeyer: "I have a terrible cold, and my head feels all stopped up."

"Shorty" Duckworth: "Have you tried a vacuum cleaner?"

The westerner led his gawky, overgrown son into a country school house. "This boy's arter larning," he announced. "What's yer bill o' fare?"

"Our curriculum, sir," corrected the teacher, "embraces geography, physiology, arithmetic, algebra, trigonometry—"

"That'll do; load him up heavy with triggernometry. He's the only poor shot in the family."

Prof. Blackwell: "Mr. Patterson, what are catch crops?"

Patterson: "Catch crops are those which catch things out of the atmosphere."

"Bull Dog": "Susie, how can you tell the edible mushrooms from the poisonous varieties?"

"Susie": "Eat them and if they kill you they are poisonous, and if not, they are edible."

Honors for original scientific investigation are to be awarded to the members of the chemistry section. The men in this group have spent much time in the lecture room and in the laboratories, working out problems of chemistry. The final conclusions—and perhaps the most important one that these men have reached—is that Chemistry is HBL.

Recent investigations have revealed the fact that reveille is controlled by a trust, but as the higher authorities hold the controlling interest, the courts will not interfere with the workings of this monopolistic body. The masses have to acquiesce in the wishes of the few and contribute their part to the daily reveille formations. The boycott plan does not work in this case, because the fives and tens are dealt out freely to those who try it.

"Sug" Gage has at last worked out the reasons for his great height. After years of research work along this line he has at last determined the fact that two factors are at work on him. The force of gravity which tends to pull him down and an ethereal force which tends to draw him up. The two forces working in opposition to each other have drawn him out to his present length.

Our mutual friend, L. Jim Fox, the "live-wire" "Y" secretary, coach of freshman football, track and "dew-drop" basketball, took his departure Saturday night for Georgia, Alabama. The object of Mr. Fox's journey being to annex a better half—or get a boss. We may all do well to have the "poor boy" in mind—Have him on our hearts, so to speak. (Let the ladies feel sorry for the bride—that's not our business.)

As "we" were saying—editorially speaking—Bre'r Fox left Saturday on this momentous journey. Catching the train at Calhoun he went as far as Seneca, spent a few hours in this quiet, little town, waiting for a "fast" train to Atlanta and "points South."

After the "execution," (official time, 8:30, Wednesday, 20th), the happy couple will, in all probability, go to New Orleans, Galveston and Bay St. Louis, stopping in Mobile and Birmingham en route "our happy home".

Let's wish them well and hope they will be happier than they could ever be in Alabama!

Will some one dismiss us with a few words appropriate to the occasion?

A-man, Brother!!

TIGER SCRUBS DEFEAT

SCRUBS OF GEORGIA

Final Score 6 to 0—Georgia Men  
Prince of Sportsmen.

Saturday afternoon, on Sanford field, in Athens, Ga., saw the struggle between the so-called Clemson "Reserves" and the University of Georgia scrubs.

Clemson kept the ball the larger part of the time in her opponents' territory and only once did Georgia threaten to score. However, the University lads put up a clean, hard fight, and only by dint of hard work was Clemson able to nose out the victory. Georgia can well be proud of the fact that she has a bunch of clean sportsmen, and never has a Clemson team been treated more royally while on visiting grounds. The entertainment and accommodations were excellent and the Clemson squad are loud in praise of Georgia's hospitality and sportsmanship.

Clemson received and started a march down the field. After a few plays, Charlie Crisp got away on a 35-yard run and, however, the safety man stopped him with a vengeance, and Crisp had to be taken from the field. This momentarily held up the Clemsonites, but Banks ran his team in great style.

After the half was over, the boys from Tigertown took the ball away from their opponents and bucked, passed, end ran, etc., to the 30-yard line. Here Williams fumbled, Dunlap recovered and "Bull" Dean mistook him for a Georgia man and tackled him. However, after a few bucks Thomas carried it over for the lone touchdown.

Sweedenburg played a wonderful game at half. Out of five attempted passes by Georgia, Sweedenburg got four of them and, had he not been crippled, would have made a couple of touchdowns. Thomas was the most consistent ground gainer for Clemson. Williams got away on one long run. Banks did good work at quarter. For Georgia, Smith was a dangerous man and a shifty runner. He came near getting away several times. In the line Captain Dunlap was a tower of strength and played "brains" for the whole line. Much of the credit for the victory is due him. Keyserling put up a brand of ball which would make a varsity man hump. His defensive work was especially noticeable. The game was featured by clean playing and sportsmanship.

The line-up is as follows:

<b>Clemson</b>	<b>Georgia</b>
Dunlap ----- c. -----	Venable
Keyserling ----- r.g. -----	Carson
Fields ----- l.g. -----	Upshaw
Dean ----- r.t. -----	Colley
Hamilton ----- l.t. -----	Conyers

Crisp ----- q. -----	Wiehrs
Sweetenbun ----- r.h. -----	Grayson
Williams ----- l.h. -----	Mobley
Thomas ----- f.b. -----	Spicer

FEDERAL BOARD CLUB

HOLDS FIRST MEETING

The trial step in any undertaking is momentous. It is indicative of final results, and it is indeed gratifying to the members of this particular club that the first meeting was as it was. The constitution committee submitted its written instrument embodying such rules and regulations as would govern the proceedings of the organization with a readjustment of the proposed constitution it was adopted. The law called for a reporting critic and a treasurer, and an election became necessary. Mr. H. A. Feagle now fills the former office, while Mr. C. O. Sligh is in the latter. Both these gentlemen are from Newberry and constitute able additions to the force working for the success of the body.

Preliminary matters of necessity consumed considerable time, but several live minutes were spent in carrying out a short program. Mr. Fadely fluently discussed Thrift, making special application of the idea to the club. His talk was a solicitation for the true-hearted support from all the Federal Board students.

Mr. Euwer, a veteran of the famous Marine Corps, who was called on for a recital of "The Most Exciting Experience of My Career," surprised the assembly by a short talk in praise of the hospitality and friendliness of the Southerners.

Few escaped a humorous jibe from Mr. Campbell. He exhibited the capacity for close observation of his mates and unearthed much to the merriment of the audience.

All said and done, the meeting closed with everyone feeling that the club had made its initial voyage successfully.

CLEMSON SENDS JUDGING

TEAM TO NAT'L DAIRY SHOW

Wilbanks Holds Fifth Place Among  
Sixty-three Men.

A well-trained dairy judging team representing Clemson College, entered the judging contest at the National Dairy Show in Chicago on Saturday, October 9th.

The team was composed of O. W. Anderson, D. L. Carr, and W. C. Wilbanks; with J. J. Smith as alternate. Wilbanks was high man for Clemson with Anderson and Carr following in line below him. Wilbanks holds second place on the Ayrshire breed.

and fifth among sixty-three men representing colleges from all parts of the United States.

In the course of one day the team judged three rings of each of the following breeds of dairy animals: Ayrshire, Jersey, Guernsey, and Holstein. Of each breed there was one ring of mature cows, one of bulls, and one of heifers. After the contest the team spent the following four or five days watching the different breeds judged by the official judges of the association, and looking at the various exhibits of dairy machinery and equipment. From all accounts, we draw the conclusion that these lads took in Chicago in general.

Those who went are well pleased with the trip and think they were well paid for the time lost in regular college work.

The trip was made possible thru the efforts of their instructor and coach, Prof. W. W. Fitzpatrick, head of the dairy division at Clemson. Prof. Fitzpatrick was shown many courtesies by the different breed associations.

GLEE CLUB BEGINS WORK

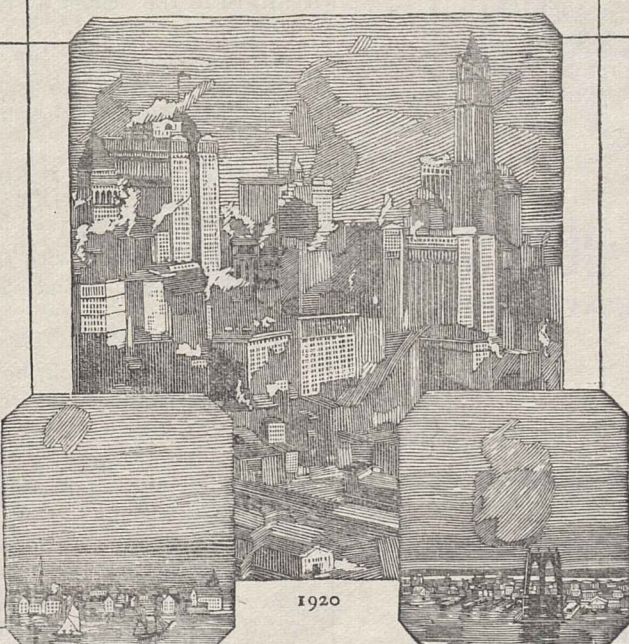

A great interest is being taken in the Glee Club this year. At least seventy turned in their names and are working with the hopes of becoming members. There is plenty of good material in the crowd; the difficult task is to pick about twenty of the best men which will constitute the club. The club will be organized at once and will begin practicing with the hopes of giving an entertainment before Christmas. After the holidays all will get down to still harder work to prepare for the much looked forward trips over the state to the different girls' colleges.

A Poetic Wedding

"Jim, do you take Bet  
Without regret,  
To love and cherish  
Until one of you perish,  
And is laid under the sod,  
So help you God?"

"Bet will you take Jim  
And cling to him,  
Both out and in,  
Thru thick and thin,  
Holding him to your heart,  
Until death do you part?"

"Through life's alternating joy and  
strife,  
I now pronounce you man and wife."

Most of the famous buildings of the world are equipped with Otis Elevators

**THE WOOLWORTH TOWER**—the tallest office building; the Equitable—the largest; the Singer Building—in fact most of the buildings that make up the best known sky line in the world, are equipped with Otis Elevators.

Few people realize the amount of wealth of Manhattan Island that is due to the creation and development of modern vertical transportation by the Otis Elevator Company. New York City could not grow wider hemmed in as it was by the two rivers and the bay. It had to grow skyward.

And now, the Otis Elevators in New York City, carry daily more than twice the number of passengers carried by all the traction lines of New York—subway, surface, elevated and railroads. Nothing short of a book would adequately tell the story of Otis in New York alone.

### LOCAL

Acting on the suggestion of Dr. Smith, the Woman's Club will undertake a campaign to make all the school children on the campus immune to diphtheria. By a simple test it is possible to determine whether a child is susceptible to the disease or not, and those not naturally immune can be made so by a vaccine. The work is under the direction of a committee of which Mrs. W. W. Fitzpatrick is chairman.

Dr. Riggs, Dr. Calhoun, Prof. Blackwell and Prof. Crandall have gone to Springfield, Mass., to attend the conference of Agricultural Colleges.

The School Improvement Society met on Tuesday afternoon. The address given was on the subject of school lunches.

The D. A. R. was most delightfully entertained on Monday afternoon at the beautiful home of Mrs. Ralph Ramseur. Several cars carried the campus members to the Ramseur home at Newry.

It was with sorrow that the many

friends of Mrs. P. H. Mell learned of her sudden death at Auburn last week. Dr. Mell, who died two years ago, was a former president of Clemson.

The cadets of the Methodist church were given a most delightful reception on Friday night at the residence of Prof. and Mrs. Martin.

Miss Floride Calhoun is spending the week-end with Mrs. J. W. Gantt in Greenville.

Mrs. R. N. Brackett has gone to Atlanta for a brief stay.

Dr. D. L. Smith of Spartanburg, was the guest of his sister, Mrs. Dan Ravenel, Monday.

Miss M. M. Murphy, public health nurse, was present at the Baby clinic and was entertained by Mrs. D. W. Daniel.

Mrs. Horace Elmore, who recently came to this country from Panama, and has been spending some time with Mrs. Jack Elmore, has gone to Florence, S. C., to live.

Miss Elizabeth Turner of Converse College, spent the week-end with Mrs. Mills.

Col. and Mrs. Cummins have returned from a short trip to Columbia.

Mr. Walter C. Herbert of Wofford College spent the week-end with W. H. Mills, Jr.

Mrs. W. M. Riggs entertained on Tuesday afternoon in honor of Mrs. Ramseur's guests, Mrs. Skeene and Mrs. McCarthee of Chicago.

Miss Sarah Logan of York, S. C., was the week-end guest of Miss Ellen Hope.

Miss Minnie Florence Ferguson, of York, S. C., was the week-end guest of her sister, Miss Beulah Ferguson.

Several Clemsonites attended the football game in Greenville Saturday afternoon. Some of whom were as follows: Mr. Hoke Sloan, Mr. Holtzendorff, Mr. Thompson, Mrs. Torrence, "Bull" Lightsey, "Switzer" Allison, "Susie" Owens, Lt. Durfee, Mr. and Mrs. Foy, Prof. L. V. Starkey, Miss Beulah Ferguson, Miss Margaret Lenoir, Miss Marie Eubank, "Boo" Armstrong, and several others.

Miss Geraldine Still has resigned her position here and returned to her home in Blackwell.

Mrs. J. J. Still is visiting relatives in Blackwell.

### A PARODY

Did you trouble the tackle that came your way, with a resolute heart and cheerful?

Or hide yourself in the mass or play with a craven soul and fearful,

Oh, a tackle an ounce or a tackle a ton, or a tackle just what you make him,

It isn't the fact that he's big that counts, but only how hard did you hit him.

You are beaten to earth, well, well, what's that, come up with a dogged face,

It's no disgrace to be cut down flat, but to lie there, that's the disgrace.

The harder you throw him, the less he gains, be proud of your "Charley Horse",

It isn't the fact that you're hurt that counts, but only how much did he gain.

And tho you be done to earth, what then? If you battled the best you could,

If you played your part in the mass of play, why "Jiggs" will call it good.

Backs come with a crawl or come with a pounce, but whether they're slow or spry,

It isn't the fact that you're down that counts, but how much did they gain—and why.

—G. D. G.

## Royster's Fertilizers

There is a Royster brand for every crop. The practical experience of 31 years is combined with the scientific experience of highly paid experts, with the results that the FSR brands, for whatever purpose, give the correct proportions of plant food derived from the materials particularly suited to the crop for which it is intended. The difference in production attests the effectiveness of these methods.
